

## Ms. Farrell's ELA and Social Studies Kaleidoscope Plan

Dear Parents and Students,

I will post meaningful work with specific directions for all students to complete on Google Classroom. Work will be posted on Monday and due on that Friday unless otherwise indicated. You will see both an ELA assignment and a Social Studies assignment posted each week. Google Classroom allows me to see all work, make comments and give feedback. Students can even send me messages if questions do arise. Every assignment that is turned in will be reviewed.

Parents, let's encourage the children to complete this work with the same level of quality that has been expected all school year. They are all very capable and have been taught a number of important reading and writing strategies. Reading for 30 minutes or more a night is also a requirement. Additionally, there are some useful learning sites on my Class Web Page.

Please ask your child periodically to see their work on Google Classroom. We continue to be a team-parents, students, and teacher. As always, I am available by email: [pfarrell@nredlearn.org](mailto:pfarrell@nredlearn.org).

Stay healthy, happy, and positive. I will see you all soon!

With kind regards,

Ms. Farrell
