

Ward Parents,

While we are closed due to the Corona Virus, I have created a Google Classroom for music class. Students can join the class by visiting <http://classroom.google.com>. They would then sign in with their @nredlearn.org account. Next, they would click on the black plus sign in the corner, and choose "Join class". Google Classroom will ask for a classroom code. My Google Classroom code is biuenpd. Students can type that code and then click join. They will then be able to see assignments that I am sharing to keep them up to date even though we are not at Ward together.

I look forward to communicating with your children through this online learning platform.

Sincerely,

Mr. Flanz
