

Dear Parents,

With the upcoming possible closure of our school it is important to continue education at home. We are unsure of the duration of time of the closing. With that being said, we ask you to use your discretion for completing this work. We have compiled packets of work for each main instructional area correlated to the units we are currently working on.

## **THESE PACKETS SHOULD NOT BE USED UNTIL SCHOOL IS CLOSED.**

A few items:

- Daily reading should continue for at least 30 minutes per day. Students have extra books in their pouches.
- RAZ Kids and Dreambox should be used daily for 20 minutes each. A log is attached to track completion.
- To login on Dreambox.
  - Go to [ward.nred.org](http://ward.nred.org)
  - Click the STUDENT tab
  - Select Dreambox
  - Select your teacher
  - Select your name
  - Select your picture password
- The packets attached should be worked on daily. Use your judgement regarding the pace of work completion.
- All work should be returned to school upon the school reopening.

Sincerely,

The First Grade Teachers
