To: SCS Parents/Guardians
From: Main Office – Sue Bucceri
Re: Cafeteria Account Purchasing Restrictions

We have always given parents/guardians the option of restricting what their children are allowed to purchase using their cafeteria account.

All students at SCS will be allowed to use their cafeteria account to purchase breakfast, lunch, milk, extra fruit, ice cream and snacks unless we receive this completed form from you. If you would like to block your child(ren) from using their account to purchase any of the items listed below, please check the corresponding boxes. Once you have completed the other information asked for, please return this form to the main office at school. Please allow one to two days for me to change the settings in your child's account. ***Please be sure to inform your child(ren) that you have requested their account be restricted.***

PLEASE NOTE: *Even though a child may be restricted from purchasing an item using their cafeteria account, we cannot restrict them from using cash.*

If you have any questions, please call Sue Bucceri at 860-435-9871 ext. 102 or contact me at sbucceri@salisburycentral.org.
