

View Family Access Password

With the proper security, the guardian’s Family Access Password can be viewed, as well as reset and generated from this location. However, if the guardian changes their password in Family Access then it will not be visible.

Navigate to Student Management > Students > Student Profile > Family, and edit the guardian record.

Below is a picture of the guardian’s Family Access password. Note the capability to click Generate, to have a system generated password created.

Edit Guardian Information
