

YOUGH SCHOOL DISTRICT

OFFICE OF THE SCHOOL NURSE

Dear Parents:

The School Health Law requires a dental examination in designated grades. Your child will be required to have a dental examination during the next school term. This may be done either by your family dentist at your expense or by the school dentist. We feel each child should be encouraged to visit his own dentist regularly. This is a lesson, which, if learned, will pay dividends in adult life.

If you prefer to have your family dentist examine your child, have him complete this lower portion and return it to the school nurse by September.

YOUGH SCHOOL DISTRICT
FAMILY DENTIST REPORT

Student's Name: _____ Date: _____
