

As the year draws to a close, we should take time to reflect on our accomplishments. We hope that we have fulfilled our promise in providing your child with an academically rigorous experience as well as the opportunity to grow socially and emotionally.

As you know, Summer is fast approaching, and we are all anxious to see how our students have improved. During the next few weeks we will be looking at data to ensure that your child is prepared to move on to the next grade level. Some students may require additional support in order to be prepared and parents/guardians will receive notification before the close of the school year.

As you can see, we have many events scheduled for the Month of June. It is time to Celebrate as well as acknowledge all the accomplishments that our students have achieved! We look forward to seeing everyone at our District 8 Best Day Ever Event on June 8th as well as our Spring Concert on June 10th.
