I.S. 51 is a zoned Middle School that serves the students who live in our community. We offer a wide variety of classes/programs to match our students' various interests and abilities.

Our school is divided into three Theme Based Academies in which students take enrichment courses that follow the theme.

Each Academy has:
Honors class, ICT,
SETSS and Self Contained Special Education classes.

For more information regarding Special Education please feel free to contact
our Guidance Team.

During our articulation process in March, all students get the opportunity to select which Academy they would like to be a part of. It is very important that each student returns their articulation form back to their school so we can make every effort to accommodate requests.

Creative Design Academy

Enrichment classes offered
