

Parents and caregivers, on Friday, March 22nd, we would like to invite you to listen to students speak about their future career goals and have you inspire them with what you do for work.

All parents are welcome even if you do not wish to give a presentation.

What should my presentation entail? The presentation should only be a few minutes. You can do anything you would like during this time: come dressed in your work uniform, bring a tool that you use daily to help you at work, bring pictures of yourself at work, create a poster board or simply speak about what you like about your job and how what you learned in school has helped you become successful in your occupation.

Please arrive to PS 31 at 9:00 am.

If you would like to give a brief presentation to your child's class please return the bottom portion of this paper by Friday, March 8th so teachers can prepare. Thank you for help making Career Day a great success!

Sincerely,
Your PS 31 Administration, Staff and PTA
