Discussion Items

- Approval of Minutes from February 26, 2018.
- The beautification of the school continues. Dr. Hoffman pointed out how various projects discussed at Site Based meetings have come to fruition. For example, display cases have been "adopted" by faculty and are being updated more often. The art department has adopted a display case and will be decorating with student's claymations.
- To further beautify the school, the custodians are using the buffing machine on the floors every morning, making the hall floors shine.
- The 5th grade wing is being decorated with recycled plastic bottles made into fish shapes by grade 5 students.
- It was also proposed that the Physical Education Dept. and the Cafeteria also take on a display case. It was suggested that the Cafeteria could possibly do a display, pointing out the regions where various kinds of apples that are served come from.
- Discussion took place on fund raising and the funding of the outside bench that the SBMT would like to purchase.
- Some games have been supplied to the cafeteria and are available to students during lunch. Additional games will be purchased.

The next meeting of the SBMT is scheduled for May 21, 2018.
