Welcome

Discussion Items

- Minutes from the December 17, 2018 meeting were approved.
- In Dr. Hoffman's absence, Mr. D'Auria directed members to the Agenda.
- The proposal for a Bocce court was discussed and centered on where it should be installed. Members will check with the custodial staff for input.
- Discussion continued on the fence cups and the cost effectiveness of having cups in two or 3 colors. The school colors of blue and gold with, perhaps, white, if a third color was introduced, would be used. Members will confer with PTA to determine if PTA would like to make a donation toward the cost of the fence cups.
- Ideas were discussed regarding fundraising for a basketball court. Ideas centered on looking into a grant and/or reaching out to a local radio personality on an NBA sight.
- A "Buy a Brick" campaign was also discussed as a fundraiser, perhaps creating a path to the court.
- It was pointed out that the lettering, with inspirational messages, created by the Cricket machine would not be a good option to use in the student bathrooms since the lettering could possibly be peeled off.

The next meeting of the Site Based Team is February 25, 2019.
