Dear Parents/Guardians,

On Tuesday, February 13, and Wednesday, February 14, we will be conducting our annual Hegarty School Physical Education Open House. This Open House will provide our students the opportunity to showcase what they have been learning throughout the school year in their physical education classes.

We invite you and any other family members to observe and encourage our students during this very exciting and memorable time for them. Our student athletes are looking forward to our Open House and are diligently preparing for it. A schedule displaying your child's class time is attached to this letter.

This year's program will consist of winter wonderland-themed dances and games. Physical activity provides children and youth with many opportunities to grow physically and socially, as well as emotionally. Moreover, physical activities with other children allow them to build social skills through peer interaction.

Our physical education department will continue its commitment to provide "age and developmentally appropriate" activities throughout your child's educational career. We encourage you to keep your children active every day, and through both of our efforts, we can help our children experience happy and healthy lifestyles.

Please stop by during your child's class time. Your support is, as always, greatly appreciated!

Upon arrival, all visitors must enter through the Deal Road entrance and be on the RSVP record for the event. The Visitor Policy is followed. Please return the tear-off form below to RSVP.

Sincerely,

Annie Bennett-Neglia
Dominic Barone
