

# Navajo Middle School

## 8<sup>th</sup> Grade Class

### **Class meeting held on February 12, 2018 from 8:05 am – 8:20 am**

*Elected officers in attendance were: President – Nicholas Begay, Vice-President – Angelo Yazzie, Secretary – Kash Begay, Treasurer – Skylar Milford. There were also 29 students in attendance.*

Discussion on 8<sup>th</sup> Grade fund raising activity for the 14<sup>th</sup> of February. It was discussed that the class needs to bring all the items requested in so that the fundraising activity will be a success. So far we have hardly any items for the candy grams and decorations for the dance.

Ms. Haley informed everyone that the fund raising activity for March has been approved therefore everyone needs to start bringing in items to sale after school. Ms. Haley will again distribute a list so that the students know what they need to bring. Ms. Haley explained that those with food handler's permits need to handle the food and those without need to do only the cash or be runners.

Nicholas reported about the fund raising events at the Crystal Chapter. Nicholas said that it would be good to do in April the first week and on a Friday evening. All the other class members agreed with this. Kash and Nicholas checked into using the facility at Crystal Chapter and were told the dates available was April 6 or 7, 2018. The students decided on the 6 of April from 6pm to 9pm for the Family Fun Night Activity. Nicholas will get the documents needed for the use of the facility. He told everyone that they needed to make sure they all pitched in to clean up. Ms. Haley said she would do the paperwork to submit for final approval as soon as Nicholas tells her it's a go!

Ms. Haley let all the students know how much funds have been raised so far and emphasized that all the students need to contribute because it is for each one of them, not one of them will be left out on this field trip because they have worked diligently to raise these funds to do this activity at school end. Again it was iterated to the students that Ms. Haley and Mr. Billy are there and would try and help them but they, the students have to do all the work for the fund raising events. They will be there to guide and direct for what they want to do for their class.

Respectfully submitted by Ms. Haley, Class Co-Sponsor
