

Assignment: *"I wish my teacher knew..."*

Directions: Empathy can be defined as one's understanding of another's experiences, feelings, and emotions. At IEY, we understand that all of our students are unique individuals that enter our school with different upbringings, backgrounds, and personal experiences. We value each student individually, and therefore, look forward to learning more about each and every one of our students. Each story is valuable and will allow our staff to tap into past experiences, cultural backgrounds, and unique identities to provide the utmost support for all. For this assignment, you are going to share your story with your team of teachers. Write about what you wish your teachers knew about you or what you would like your teachers to know about you currently. Please only share what you are comfortable with, and make sure all responses are appropriate. All responses should be two paragraphs long, and begin with the phrase "***I wish my teacher knew...***"
