

TOWN OF CLARKSTOWN POLICE DEPARTMENT

20 Maple Avenue, New City, New York 10956

Dear Parents/Guardians:

Remember what life was like without our smart phones, laptops, ipads and other devices that allow us to go online? That's how most of us keep in touch with friends and family, take pictures, do our homework, find out the latest news and even shop.

Unfortunately, in addition to all of the positive ways we can use the internet, there are many ways for tweens and teenagers to become distracted, waste time, and even get into trouble.

To address these concerns and more, we have arranged the following presentation for you to help navigate and understand all of these tools and help your children make good choices. Please note, this presentation is for parents/guardians only and we strongly encourage you to attend this informative session.
