Parents please consider keeping some basic supplies at home for remote learning like crayons or markers, pencils, paper, glue and sticky notes

For in-person learning, please send your child with a snack and drink daily. Their snack should be able to be consumed in about 10 minutes. You may want to go over the items sent in with your child or label snack and lunch separately if you think your child might get confused as to which are snack foods and which are lunch foods.

Please also send in a ziplock bag labeled with a change of clothes for your child. Even though your child is a big first grader, some still have accidents and having a nice, clean change of clothes makes a big difference. I'll send a reminder when the weather changes so you can send in a new set of clothes in December and April.
