

GIRL SCOUTS TODAY. FRIENDS FOREVER.

Be silly with friends and try new things—that's what you'll do in Girl Scouts! You'll learn about all kinds of things by playing games and working on fun projects with your Girl Scout sisters. You'll have a blast earning badges for trying cool stuff—like spending time in the outdoors, making robots, and designing your own board games.

Did you know Girl Scouts love to help? From food drives to recycling, planting trees to thanking local police and firefighters, girls like you are making their neighborhoods, schools, hometowns—and beyond!—better places to play, work, and live.

As a Girl Scout, you'll feel proud, confident, and excited for the next new adventure.
