ANCHORED IN EXCELLENCE ALWAYS

March 17, 2018

Parents and Guardians,

As the STEM Program comes to an end, we would like to extend an invitation for you to come and observe on April 14, 2018. You will be given the opportunity to work collaboratively with your child on his/her project.

The presentation and classroom visit will begin at 8:40 a.m. and conclude at 11:00 a.m. We are offering parents/guardians the opportunity to observe both components of the Program (Engineering and Lego Robotics). We ask that all students and parents/guardians enter through Exit 9 between 8:30 a.m. - 8:40 a.m. At that time, the students will enter the cafeteria and the parents/guardians will enter the auditorium.

Please ensure you know your child's STEM teacher (first half of the session). A card will be given out prior.

Adult guests are encouraged not to bring younger siblings on these special visits as all guests will be engaged in a STEM project with their child.

Sincerely,

Salvatore Manuele
