

## Sexual and Reproductive Health Provider Directory During COVID-19 Pandemic

During the COVID-19 pandemic, there have been many questions about what sexual and reproductive health (SRH) services are still available, and how to access these services. Scroll through the document for services provided in each borough and be sure to read the note for the health care facility you are interested in. As schedules and availability may change, we highly recommend contacting each facility by telephone before you attempt to visit. Information provided is based on responses from the clinics listed. This list may not include every open clinic in NYC or every service offered.

Remember to wear a face covering any time you are outside your home to help reduce the spread of COVID-19.
