

## Home Delivery Resources for Students

All New York City students need access to teen-friendly, trusted health service providers and services to be healthy. This summer, while your high school’s Condom Availability Program (CAP) is unavailable, the organizations in the chart below are mailing free condoms, lubricant, and HIV tests to the homes of young people who need them.

Organization	Home Delivery for HIV Tests	Home Delivery for Condoms	Home Delivery for Lubricant	Ordering Information
NYC DOHMH – Door 2 Door Service		X	X	Complete an order request at <a href="#">Door 2 Door</a>
Northwell Health – Project inSPECT	X			Email <a href="mailto:prep@northwell.edu">prep@northwell.edu</a> or Direct Message @projectinspect on Instagram
Family Health Centers at NYU Langone – Project Safe	X			Email <a href="mailto:PRYCLINIC@gmail.com">PRYCLINIC@gmail.com</a> or call/text 347-880-8042
United Community Centers – Protecting the East	X	X		Email <a href="mailto:protectingtheeast@ucceny.org">protectingtheeast@ucceny.org</a> or Direct Message @protectingtheeast on Instagram

Note: This document, curated by the NYC DOE Office of School Wellness Programs staff to meet remote learning needs in response to COVID-19, features free services and resources offered by various local and national organizations. Please note that some third parties may provide additional services, products and activities beyond what is listed, which have not been reviewed by NYC DOE. Inclusion of a third party’s resources in this list is not a recommendation by NYC DOE of all the services, products, and activities that such party may make available. This is not an exhaustive list of comprehensive health education resources available to the public. We will continue to update this list, as needed. June 23, 2020.
