

The school year is already 3 weeks old and we are off to a good start. I am truly excited to be at Meridian and seeing what we can achieve. This is not my first Superintendency and I know I have been placed in the spot I need to be. We have great kids and a great staff and it is my job to make sure we achieve.

A huge welcome to our new middle school and high school Principal Ms. Boren. She comes with a wealth of experience and knows Meridian students and families from working at JAMP. Also, she loves to be called "Princess". Ms. Harris continues to be the Principal at the PK-5 level and she truly cares for her students and staff and wants them to achieve greatness. Ms. Harris is trying to develop SuperHeroes in her students and we can't wait to see which SuperHero they turn out to be. We also welcome numerous new staff members who have shown a tremendous desire to care about your students and see them achieve greatness.

We are truly only beginning to form a great team. A huge part of this team will be our community. We need parents and community members to help support our kids. I truly believe the quote "It takes a Village to raise a child". Gone are the days where you were not welcome to help enhance the experience of your child or the children in your community. Our doors are wide open for your support. We will have many opportunities to welcome you into our school community and I hope you take advantage. This will range from guest speakers, sporting events, parent-teacher conferences, strategic planning meetings and numerous other opportunities.

There is truth in the statement no one knows how much you care until you show that you care. You can show the students and staff how much you care by participating in our events. We need you and our students need you. Please take a little bit of your time to show how much you care about their future.

We welcome you, appreciate your support and kindness for the future of our kids!

Jon Green  
Superintendent
