

ACCLAIM Academy

PARENT INFORMATION PACKET

The purpose of this information packet is to make sure that the parents who wish to enroll their children in ACCLAIM Academy completely understand the mission and expectations of the school. This will enable you to make an informed decision as to whether or not you want to enroll your child here.

The central emphasis at ACCLAIM is our Character Development Program based on the Virtues Project. This emphasis is essential to creating a positive learning environment and helps student strive to develop nobility of character. **The virtue of the week is published in our weekly newsletter.** Parental reinforcement and support of the program at home will help the student to develop qualities necessary for school success and can have a positive impact in the family as well.

In our increasingly diverse society, understanding, respect and appreciation of the many cultures of the world are necessary to be successful socially and in the workplace. Students will participate in a wide variety of activities to help them develop this understanding, respect and appreciation. Activities will include field trips, art projects, poems and songs, stories, books, dramatic presentations, and visitors from other cultures.

Our area of the country is strongly influenced by the Mexican culture. In order to create a bridge for understanding between the two cultures and give students valuable marketable skills, all students will develop literacy in both English and Spanish. Students that are dominant in Spanish will learn to read first in Spanish. Students that are dominant in English will learn to read first in English. Both groups will develop oral language skills in the other language in kindergarten through second grade. From third grade through eighth, both groups will read and write in their second language as well. Parent recognition and support of the value of bilingualism is essential for student's success in the program.

In order for student to achieve their potential, a strong partnership between the parents, the student and the school is required. Parent support in assisting their children is essential in the following areas:

- Check that their child does his **homework** each night. Check for completeness and quality.
- Be sure that your child wears a **uniform** that conforms to the dress code each day.
- Provide a supply box for your child. Provide the materials on the supplies list and replenish them in a timely manner when they run out.
- Make sure your child is **on time to school each day**.

SCHOOL HOURS ARE: 7:55am – 3:30pm Monday – Thursday.

The cafeteria opens for breakfast at 7:30 and closes at 7:45.

- Only allow your child to check in late, leave early, or be absent for family emergency, medical appointments, illness, or a religious holy day. **NOTE: 3 tardies equal an absence. 20 absences in the school year may be cause for retention.** Any work missed must be made up in a timely manner.

- Bring your child to the quarterly Project Presentation Night. Student **MUST** come in uniform. This is required and is 10% of the student's grade.

- Attend, with your child, the Parent/Student/Teacher Conference at the end of the first and third grading periods to consult about student success, needs, and progress. Student **MUST** come in uniform.

- Support the D.O.V.E Program. Encourage your child to practice the virtues. Students who receive a red must have a successful conference in which they accept responsibility for what they did before they can return to class. Students that significantly interfere with the learning environment will be subject to a variety of disciplinary options in order to help him/her be successful and ensure a productive learning environment for all.

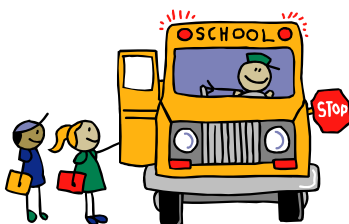

- In order to assist students to focus on learning, only school-related supplies and materials are allowed at school. **NO** toys, game boys, iPods, cell phones, balls, etc. should be brought. If students choose to bring these types of items, they will be taken away, put in the **“June Box”**, and returned the last day of the school year.

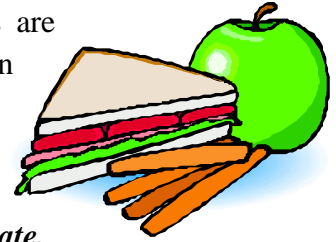

- We hope that all parents and students feel sense of ownership in the school and the responsibility that goes along with the ownership. Donation of time and/or other resources allows us to keep our expenses for maintenance to a minimum thus leaving money for student services and materials. We request that parents donate time or resources to the school at least once a year.

- Because of the high cost of offering transportation, students using the bus service will pay in advance. Parents may work at the school in lieu of the fee. If the bus fee is not paid, students will lose their riding privileges. Because of the impact on safety, students who do not behave appropriately on the bus may have bus privileges suspended or revoked.

- If you want to apply for the National School Lunch Program forms are available in the office. Students who buy the cafeteria lunch must pay in advance. Students who do not pay in advance will not be served a hot lunch.
- Students who bring their own lunch **will NOT bring soda, candy, chocolate, or foods with caffeine**. Allowable drinks are plain water, 100% juice, or milk.

- When there is a concern about something that has happened at the school, first contact the person involved and try to resolve the situation, it is not necessary that the principal or director be informed of all incidents that occur. If, after trying to resolve the situation, you are unsatisfied with the results, then contact administration.

If we all commit to excellence and positive communication, we will have successful students, parents, and staff and a positive learning community.
