Integridad

Integrity

La **integridad** significa defender lo que nos parece correcto. Es vivir de acuerdo a valores altos. Es ser honrado y sincero con nosotros mismos y con los demás. Somos **integro** cuando nuestras palabras y nuestros acciones están de acuerdo. Decidimos hacer cosas que nos ayudan a vivir una vida buena y limpia.

Tengo integridad.

Practico lo que predico y predico lo que practico.

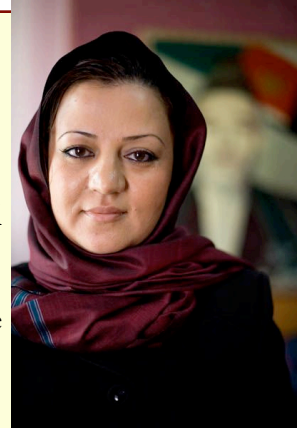

Defiendo lo que me parece correcto.

Yo soy mi propio líder.

Integrity is living by our highest values. It is being honest and sincere. We are **integrity** when our words and actions match. We fill our lives and our minds with things that help us to live a good, clean life. **Integrity** helps us to listen to our conscience, to do the right things, to tell the truth. With **integrity**, we stand for something. Others believe in and rely on us,

María Bashir

Afghanistan's first and only female chief prosecutor, María Bashir, has been fighting an uphill battle against political corruption since her appointment in 2006. The nation has good laws in its constitution to protect women, but they are poorly enforced, as women are often viewed as lesser citizens. This has allowed the abuse of females by husbands and male family members to reach epidemic proportions. Despite frequent death threats, Bashir seeks to overhaul the legal system to ensure fair laws are established and fully enforced.
