Unidad

Unity

La **unidad** nos ayuda a trabajar y a vivir en paz. Cuando practicamos la **unidad**, nos sentimos conectados a todo y a todos. La **unidad** trae la armonía, como la música de una orquesta con diferentes instrumentos. La **unidad** viene cuando apreciamos a las personas. La felicidad de una persona da felicidad a todos. El dolor de una persona causa pena a todos. El honor para una persona es causa de honor para todos.

*Estoy unido a la gente.
Aprecio las diferencias,
no voy a diseminar prejuicios.
Me gusta promover la paz.*

Unity is the bond of understanding, friendship and love that brings people together. It help us work and live peacefully with one another. When we practice **unity**, we become connected to everyone and everything. We are all unique in the way we look, think and act. Without **unity**, these differences scare people and drive them apart. When we come together in **unity**, we learn amazing things from people who have different experiences and thoughts than us. With **unity** we work together to accomplish more than any one of us could by ourselves.
