Confiabilidad

Trustworthiness

La **confiabilidad** significa que otros pueden contar con nosotros para cumplir con los compromisos. La **confiabilidad** significa ser constante en cumplir lo que nos han prometido hacer, sin olvidarlo y sin que tengan que estar recordándonos. Cuando somos **confiables**, realmente nos interesa por hacer lo que prometimos.

Yo soy confiable.

Cumplo las promesas.

La gente puede contar conmigo.

Nada me impide dar lo mejor de mi.

Trustworthiness is being worthy of trust. People can count on us to do our best, to keep our commitments. Others can rely on us. They can trust that if it is at all possible, we will do what we say we are going to do, even if it becomes really hard. When we are **trustworthy**, others can be sure of us and we can be sure of ourselves. When we are **trustworthy**, we stop and think before making a promise, to be sure it is something we really want to do and are able to do. We follow the rules, even when no one is watching. We persevere, no matter how hard it becomes.

Joan of Arc

Joan of Arc was a French peasant girl turned military heroine, well known for her kindness, generosity and extraordinary courage. Inspired by visions, she led the French troops against the English to end their sieges in the last phase of the Hundred Years War. She was later captured and sold to the English, who tried her for heresy and sorcery, methods they felt young Joan had to have used to defeat their armies, as she had no military training. Joan remained loyal to her faith, her country, and to those who counted on her. She never betrayed them, even under vicious interrogation.
