

Hello Everyone! We are very excited to bring you LivingTree: a communication and collaboration platform designed from a parent perspective, to connect all the people who work together to raise and teach our kids in one safe place.

LivingTree offers a web and mobile (iOS and Android) service that aims to make it easy for teachers, schools, and districts to communicate, schedule, and engage the community in a single, safe and integrated place.

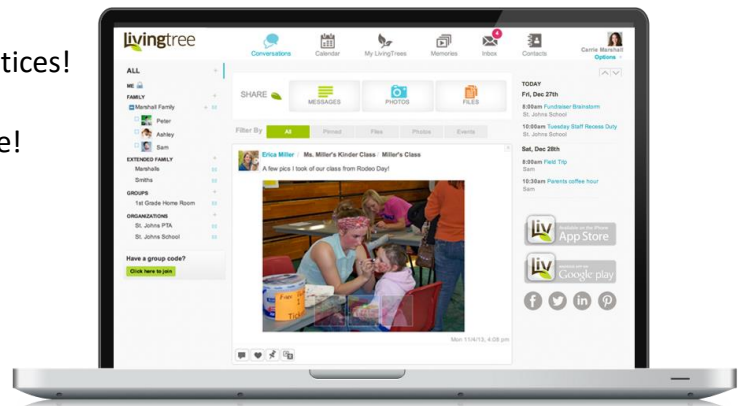

Each of you will receive a welcome email to join our school network. In a single place, you'll receive school and class information and have the capability to engage in two way sharing within your class communities. LivingTree will allow us to notify one another, privately message, share photos and media, manage volunteering, and more - all in a single, private place for our school.

You can find more information at www.livingtree.com/parents.

If you have an iPhone or Android **smartphone, don't forget to download the free LivingTree App!**

Notable LivingTree Features:

-  Hierarchical Network Structure
-  **Private and secure!**
-  Instant translation to 40+ languages
-  Conversations: **Two way sharing** of Messages, Photos, Files, and Links
-  Shared calendar – Including RSVP, Reminders and Notices!
-  Volunteer management – Sign Ups, Reminders, More!
-  Web + Native Mobile Apps (iPhone, Android)
-  Text Alerts and Instant Push Notifications
-  Private Direct Messaging
-  Network Directory
-  LivingTree Calendar Subscription - (Outlook, iCal, Google, Webcal)
-  Ancillary Networks – PTA, After School, etc.

We're excited to open a virtual window to the classroom and engage our community even more broadly – please accept your invitation, familiarize yourself with the features, and join us in making this endeavor successful. Happy posting and engaging to us all!
