Access Creates Opportunity

December 2018

Dear Parent/Guardian,

In spite of the bad weather, I am delighted that so many families were able to join us for PTC during the month of November. During the Fall Parent/Teacher conferences, 466 of our parents attended the morning and afternoon sessions. Please continue to come out and support the learning that your child is engaged in. Know that a strong partnership between the parents and the school helps build successful children.

PARENT WORKSHOP – During the month of December, we will be highlighting Science, Technology, Engineering and Mathematics (STEM) through our Amplify Science curriculum. This STEM program engages students in learning experiences based on facts and from information learned through experiments and observations. During our **FIRST FRIDAY** on Friday, December 7th, parents are invited to join us for a Hands-On Learning activity facilitated by our STEM teacher, Mr. Nocera. We hope you can join us.

P.S. 154 FAMILY NIGHT EVENT will take place on Thursday, December 20, 2018, from 6:00-8:00 p.m. We will be hosting our annual Winter Wonderland Ball. The cost of admission is \$5.00 for children. All children must be accompanied by an adult. The cost of admission will include hot chocolate with marshmallows, cupcake decorating, arts & crafts, games, great music and a photo booth. Food will also be available for purchase if you are short on time and hadn't had a chance to pick up dinner. **Please note:** This event is only open to students of P.S. 154.
