Access Creates Opportunity

January 2020

Dear Parent/Guardian,

Wishing you all a Happy and Healthy New Year! We hope everyone had a wonderful and exciting Winter break!

During the past few months we have worked closely together on school events that have strengthened our partnership. The success of our Winter Ball is one example of an event in which unity and strong community ties were honored. I look forward to offering more events as the new year arrives and supporting your child(ren) further with the education s/he child deserves. I value your commitment and with deep gratitude, thank you for all that you do to complete our school community.

REMIND – I am excited to share that we have officially set up an account with Remind. Along with our school website, families will be able to get up to date school information using Remind. If you don't have the app, please make sure you download it. Our access code is **h7h439**. See you on Remind!

KINDERGARTEN APPLICATION-Started in November and will end on January 21st. The kindergarten directory is available in our main office in the following languages: Chinese, Spanish, Arabic and English.

P.S. 154 MATH BEE –Thursday, January 20th, we will be hosting our first Math Bee Competition. A math bee is a competition that provides children with a fun way to improve their mathematical speed and accuracy. Questions for the math bee are created using the four basic math operations: Addition, subtraction, multiplication and division.

JANUARY REPORT CARDS – Distributed to students in grades K – 5 on Wednesday, January 15th. The January Report Cards will inform you of your child's progress towards grade level standards and reflect the academic growth made since September. I encourage you to reach out to your child's teacher to have a more in depth discussion about your child. Teachers are also available during parent engagement time on Tuesdays, from 2:30 – 3:00 pm to meet with parents.

P.S. 154 FAMILY NIGHT EVENT -Thursday, January 23rd from 6:00-7:30pm. Fairy Tale STEAM Night at P.S. 154! We will be hosting a STEAM Fair (Science, Technology, Engineering, Art and Mathematics). Join us for a night of fun where students and parents can practice their (STEAM) skills by participating in fun and creative activities. This is a free event so please come out and join us for a night of fun.
