The council edited one of the drafts and discussed its merits, as compared to the other drafts. Ms. Pitmon made a motion to accept an edited draft of the vision statement. J. Graham Brown School students have “reasoned minds and educated hearts” of self-directed, life-long learners:

- Students are critical, open-minded, and creative thinkers who are willing to take risks and are eager for new knowledge.

Ms. Willison provided an update from the Transgender Restroom Facilities Task Force. The task force recommended designating the third floor girls’ restroom across from room 320 as a gender neutral restroom. The council discussed potential options for signage and then referred the matter back to the task force to amend the School Space Policy to include language to designate the restroom as gender neutral.

Dr. Parsons provided the council with a personnel update. Due to an increased number of students taking and needing Spanish classes and a decrease in the number of students taking French classes, the school needs to add an additional Spanish teacher. A certified English/French teacher was being overstaffed for next year to allow for the hiring of an English/Spanish certified teacher. Additionally, a vacant cafeteria position had not yet been filled. Substitutes have been filling the positions, but it will be reposted.

Dr. Parsons provided the council with copies of the Flexible Budget Summary and balances in the Activity Accounts. The council reviewed both. It was noted that there were substantial balances remaining in certain teacher or grade accounts. Dr. Parsons informed the council that a Eureka Math order would deplete most funds from the Kindergarten and First Grade accounts. The council questioned what would happen to funds in the French account. It was noted that the funds would be kept in the account for a year. If the account was inactive for a year, the council would determine how to use the funds. It was asked if old, unused accounts could be removed. Dr. Parsons will address this issue with the bookkeeper. Ms. Jones moved to accept the Flexible Budget Summary and the Activity Accounts report. Ms. Thornton seconded the motion. Both were accepted by consensus.

The committee has reviewed and revised the Instructional Practices Policy. It was submitted to the council for a reading. The committee also submitted the Conflict Resolution Policy for a reading. Ms. Billings moved to abolish the Graduation Assurances Pathway Policy. Ms. Willison seconded the motion. The Graduation Assurances Pathway Policy was abolished by consensus.

Mr. Wilson gave a report from the Safety and School Climate Committee and distributed a handout. The committee drafted an afternoon dismissal plan to increase student safety. The plan involves students in grades K-3 being released in a supervised fashion from the gymnasium at the end of the school day. The committee has also begun discussions for a plan to address students remaining at school unsupervised after 3:00 PM. The committee wishes to include a parent and student awareness campaign prior to the plan going into effect to emphasize the safety concerns. In addition, opportunities and resources will be provided and publicized. These will
include CEP, PTSA carpool directory, PTSA enrichments, and TARC tickets. The council discussed the afternoon dismissal plan. Ms. Pitmon moved to approve the plan, and Ms. Chesman seconded the motion. The afternoon dismissal plan was approved.
