

SAFETY PATROLS

The board believes that student safety patrols can contribute greatly to the development of good traffic habits and can provide opportunities for growth in leadership skills.

Therefore, the Superintendent can develop regulations for the formation of safety patrols.

These regulations shall include but not be limited to provision for:

- A. Appointment of a faculty advisor to select, instruct and discipline members of the safety patrol;
- B. Informing candidates and their parents/guardians of the purpose and activities of the patrol and the possible hazards;
- C. Obtaining signed, written consent from the parent/guardian for the student's involvement in the safety patrol;
- D. An outline of duties suitable to each school building;
- E. Cooperation with the police.
