

PERSONNEL RECORDS

Orderly administration of the school district and compliance with state and federal law require the compilation of information about all employees of the district. The board of education recognizes that there is a distinction between those personnel records that are clearly a matter of public concern and those that must be considered privileged until such time as they are opened to the public by the commissioner of education or the courts.

The chief school administrator shall consult with the board attorney regarding which personnel records are mandated to be kept by law, and those to be kept for administrative purposes. The chief school administrator and the board attorney shall be responsible for limiting administrative records to those that are consistent with New Jersey and federal law.

In accordance with federal law, the chief school administrator shall establish procedures to release information upon request regarding the professional qualifications and degrees of teachers and the qualifications of paraprofessionals to parents/guardians for any teacher or paraprofessional who is employed by a school receiving Title I funds and who provides instruction to their children.

The chief school administrator shall establish the necessary regulations for maintaining both public and confidential employee records.

- A. The public file shall consist of an alphabetic index of all those presently employed by the district in whatever capacity. The information in this file shall be limited to name, title, position, salary, payroll record, length of service, and, if applicable, date of separation and rehire. The chief school administrator shall devise procedures for making this file available to the public in accordance with the Open Public Records Act.
- B. The confidential file shall consist of an individual personnel folder for each current employee. The information in this file shall include all records mandated by state and federal law; evaluation of performance; record of attendance; original application filed by the employee; original salary and increments; date of tenure; notations of commendation and disciplinary actions consistent with law. This file is available for examination:
 - 1. At any time, by the chief school administrator or the supervisory personnel he/she designates;
 - 2. During regular business hours, by the employee or his/her personally authorized representative, in accordance with regulations;
 - 3. During regular business hours, or at any meeting of the board or any committee thereof, by any member of the board when necessary to make an informed decision regarding any assigned board responsibility or duty.
- C. Employee health records shall be maintained separately from other personnel files and in strict confidentiality. Only the employee, the chief medical inspector and the chief school administrator shall have access to an employee's medical file. To assure ready access in a medical emergency, the section of the medical record that contains the health history may also be shared with the building principal and the school nurse with the consent of the employee.
- D. Staff emergency contact cards for all employees shall be maintained by the chief school administrator and updated annually.

Key Words

Records, Personnel Records, Employee Records

Legal References

PERSONNEL RECORDS

QSAC Monitored:

Section 3: Governance
 Section 5: Personnel

Other Reasons:

It is advisable to have a policy statement regarding records to be kept and access to them. Many aspects of accumulation of and access to personnel records have been addressed in court and commissioner decisions. Certain practices are negotiable. If there is any question of what may be put into personnel records, or who may review them and under what circumstances, the board attorney should be consulted.

N.J.A.C. 6A:32-6.2 requires that policies on employee physical exams establish procedures that assure confidentiality during the collection, transmission and storage of employee medical records. No Child Left Behind requires districts to provide requesting parents/guardians of pupils in Title I programs information on the professional qualifications of their children’s teachers and paraprofessionals who are assisting in their children’s classrooms.

Recommendation:

Policy addressing kinds of employee records to be kept, access and confidentiality.
