July 9, 2020

Dear Pocantico Families -

I hope that this message finds you and your families well and enjoying a glorious Westchester summer, albeit in a slightly curtailed fashion. Schools are busy places in the summer, and I wanted to take this opportunity to keep you up to date on some of the Pocantico “happenings.”

- The pool is up and running and open for business. Pool hours and protocols are posted on our website. Please make use of this amazing resource and thank you all so much for adhering to the new procedures that help to keep us all healthy!
- I will be distributing a “return to school” survey on July 14th. Please take a moment to fill it out as this information will be vital in helping us to create our September plans. More to follow on this topic next week!
- As always, there is lots of behind the scenes summer work occurring, including:
 - New floors are being installed in the Middle School wings
 - Benches have all been repaired
 - Classrooms are being painted
 - Fire and security alarms system are being updated
- Work also continues to progress on our Tennis Court/Generator project. Architects are finalizing drawings for submission to the state education department for approval.
- Camp POCO TO GO is in full swing. If you haven’t signed up yet please check it out as it is virtually the best camp out there!

We have been notified that we will be receiving “return to school” guidance from the Governor on July 13th. While there has rightly been a great deal of discussion about this in the news as of late, we are excited to receive this as it will allow us to create a plan that meets the needs of our Pocantico students and community!

Thank you all for your continued support of our district.

Stay cool!

Rich
