MUSIC DEPARTMENT

November 28, 2018

Dear Parents,

It's Winter Concert time! The students and I appreciate the support you have shown in preparation for our program. We look forward to seeing you, your family members and friends in the audience in just a few weeks.

Our concerts are the culmination of hours of rehearsals in and out of school. Our students strive to perform to the best of their ability while on stage. In order to make the moment as special as possible for everyone, we would like to suggest the following audience etiquette guidelines:

- Be on time. Avoid distractions by arriving a few minutes early.
- Applause is the only formal way of showing support to the singers. Be enthusiastic, but do not detract from the most important part of the concert- the students on stage.
- Remain seated during the concert. If you must leave, enter and exit only between songs.
- Remain quiet during the performance; even whispers can be heard by the people around you during soft passages in the music or when performers are speaking.
- If your pager, cell phone or watch has an audible alarm, please be sure it is turned off during the concert.

We have been working diligently on demonstrating these behaviors in our own rehearsals and programs in school. We count on you to help reinforce these valuable lessons and educate our young people by setting an example.
