November 13, 2020

Dear Parent/Guardian,

As you know, this school year has been far from traditional. After extensive discussions with fellow administrators, department chairs, teachers, and counselors, a decision was made not to administer mid-term exams in January. Due to this change coupled with the cancellation of January New York State Regents, a regular schedule will be followed during the week of January 25.

Semester averages will be calculated as follows:

$$\frac{\text{Quarter 1} + \text{Quarter 2}}{2} = \text{Semester Average}$$

Thank you for your continued support. Warmest wishes to you and your family for a Happy Thanksgiving.

Respectfully,

  
Nicole Saieva

Noviembre 13, del Año 2020

Estimado Padre / Tutor,

Como ya saben, este año escolar ha sido muy diferente y poco tradicional. Después de extensas discusiones con otros administradores, directores de departamento, maestros y consejeros, se tomó la decisión de no administrar los exámenes de medio año en enero. Como resultado de este cambio, junto con la cancelación de los Regentes del Estado de Nueva York de enero, se seguirá un horario regular durante la semana del 25 de enero.

Los promedios del semestre se calcularán de la siguiente manera:

$$\frac{\text{Trimestre 1} + \text{Trimestre 2}}{2} = \text{Promedio del semestre}$$

Gracias por su continuo apoyo. Les deseamos feliz día de acción de gracias a usted y a su familia.

Respetuosamente,

Nicole Saieva
