March 31, 2020

Dear families,

Thank you for your continued support and flexibility. We are hoping that everyone is staying safe and healthy.

Stanfield Elementary School District teachers and staff have been working diligently on planning at-home Learning Packets. Our goal is to help students sustain learned skills that are aligned to the Arizona Content Standards and are based on our district's curriculum.

Families may access and print these resources by grade level found on our district web page starting on Tuesday, March 31, 2020, or you may pick-up a printed copy, which will be distributed, drive-through style, as scheduled below:

Location	Address	Times
Stanfield Elementary School District #24	515 S Stanfield Rd Stanfield	9:00 a.m.–11:00 a.m.

These learning packets will also be distributed with any food bag picked up at any of our bus meal service sites posted on our Stanfield Elementary School District #24 web page.

Although these packets will not replace the instructional time spent in the classroom with their regular teachers, they are meant to sustain learning and expose students to familiar concepts. In addition to these at-home Learning Packets, we also encourage you to continue to visit our website for further updates as well as information.
