Curriculum Night is Thursday September 20, 2018

Dear Parent/Guardians and Members of the SGL Community:

Curriculum Night affords teachers the opportunity to present an overview of their curricular year to parent/guardians. Teachers will be discussing grading and classroom standards for their subject area. Parent /guardians will have the opportunity to sign-up to assist in the classroom, attend field trips, and make Tuesday Parent Engagement appointments, etc. There will be a short question and answer period following each teacher's presentation. I encourage you to attend Curriculum Night. These evenings help facilitate communication between home and School and allow teachers the opportunity to present their expectations for the school year.

As I am sure you understand, Curriculum Night is not the time for parent/guardians to ask questions related to their specific child and his/her progress thus far in class. If you have specific questions for the teacher that pertains to your child, please contact the teacher to set up an individual conference at another time convenient for both of you.

The evening will begin with classroom visits from 5pm-6pm according to the schedule attached and conclude with a special musical performance from our partner Lincoln Center Education in the auditorium at 6pm.

We look forward to another great turnout for the most informative event.

Yours Truly,

Keri Ricks
Principal
School for Global Leaders
