Email Address

Class parents are an extension of the PTA. They play many important roles throughout the school year:

- Connection between teacher and parent. They act as a link between the school and parents by coordinating class parties, compiling guest lists to be given to the front desk at least one day prior to any in-school event, contacting volunteers for special events and class trips, as well as working with the teachers on special projects during the year.
- Class parents also play an important role for the PTA. They gather parent contact details for the Elementary School Directory and update the PTA when details change. They help coordinate volunteers for PTA functions and events. They work with the PTA on specific projects such as Family Fun Night Baskets and HES Publishing.

Please consider the responsibility very carefully. Class parents need to devote their time to this endeavor and should be "available" to be most effective at this volunteer position. As representatives of the PTA class parents are also encouraged to be PTA members.

In helping us with our attempts to make the selection process fair, please note below if you have previously been a class parent for this child.

Yes _____ No _____ Year _____

Please return this form to your child's teacher by September 14, 2018. Class parents will be randomly chosen by the building reps and will be notified by September 17, 2018.
