

# **Mu Alpha Theta National Mathematics Honor Society**

## Student Membership Requirements

### Westlake High School Chapter

1. For high school students.
2. Based on mathematical scholarship, service, character and citizenship.
3. Student must have successfully completed 2 years of high school level mathematics.
4. Minimum mathematics scholarship of 90% or equivalent.
5. Overall scholastic scholarship of 85% or equivalent.
6. Student must submit supporting documentation as outlined by the local chapter.
7. Student must submit two faculty recommendations (one from a math teacher).
8. Students must continue to demonstrate mathematical scholarship, service, character and citizenship to maintain membership. Additionally students must participate in club fundraisers.
9. Must be enrolled and active in the Math Club for two years, with a minimum of 10 meets for 2 years (no less than 5 a year).
10. Must be available for peer tutoring, at least 3 hours a month.
11. Must attend all MHS meetings.

### **Math Club Requirements:**

Attend at least 5 meets a year for two consecutive years.

### **Medal Requirements:**

Must maintain all criteria, including averages in math and GPA, and the aforementioned Math Club requirements from induction to graduation.

*The goal of the Westlake Chapter is that students enjoy math through activities outside the classroom and continue to push the boundaries of this subject in both application and creativity.*
