Class Description

- Beg.1** This is for the non-swimmer: must be at least 3 years old and approximately 3 feet tall. They will work on becoming more comfortable with the water, floating, putting their face in the water, and will use a noodle to assist in learning balance.
- Beg.2** This is for those swimmers who can put their face in the water, float, and swim a little. They should not be reliant on the platform. They will work on floating on back and front, kicking, arm pulls, proper breathing, and swimming the width of the pool unassisted.
- Adv. Beg.** This is for the swimmers who are able to swim the width of the pool unassisted on their front and back. They will work on becoming more efficient swimmers, learn the different strokes, and putting the appropriate breathing techniques with each stroke.
- Int.** This is for the more advanced swimmer who needs to work on stroke skills, side stroke, breaststroke, front and back crawl, and butterfly. This level should be encouraged to also be on the summer swim team.
- Toddlers** This will be for 1 to 3 year olds to get used to the water. They will swim with Moms and/or Dads under the direction of an instructor. This will not be a learning to swim class, but a fun class for kids and parents. If your child is not toilet trained, they must wear a little swimmer diaper.
- Swim Team** This is for boys and girls of all ages who would like to swim on a team and learn the competitive strokes, turns, and starts. We will have meets during the month of June. Swimmers will compete against boys and girls their own age. Team members may also sign up for the intermediate lessons to receive one-on-one instruction and to further develop their swimming skills.
