

Frigo[®], Cheese Heads[®] Grant

Get ready to vote, beginning October 16, 2019!

Overview

Please vote for Penn-Trafford's video for the Frigo Cheese Head Grant. The winner receives \$10,000. The money would go to purchasing clay materials such as a new pug mill and accessories for the art department. A pug mill is \$5,000 which is a large purchase. A pug mill is a machine in which clay is mixed to take old, overworked, dry or wet clay and recycle it back into usable clay. This would save the district hundreds of dollars each year, which could be spent on other supplies.
