

Upcoming Leagues & Classes!

Here at the SportZone, we focus on providing a great experience for players of all ages and skill levels!

We provide fun entry level Learn To Play Classes for both DEK (No Skates) and Inline Hockey as well as Learn to Skate Classes. This is a great opportunity for all players who are just starting out in the game of hockey and want to learn the basics.

If you are looking to put your player right into games, then our Chipmunk and Penguin divisions are perfect for entry level players, as they are very instructional and have 2 coaches on the rink at all times. The on rink Coaches direct the players where to go and what do do during game play.

If your kid is looking for something new to do, Give one of our programs us a try!
