## COLLEGE INFORMATION

A few important points to mention:

**1)** A College Processing Form **MUST** be submitted to the **College Office (Room 303) two weeks** prior to your deadline in order for your letters of recommendation and supporting documents to be sent to your schools!

**2)** If you are sending **SAT/ACT scores** through either ACT.org or College Board for CUNY schools, **you send them to ONE** place which is **CUNY/UAPC**. If you do this, all of your CUNY schools will see your scores.

**3) Letters of Recommendation**

CUNY = you typically need 1 teacher + 1 optional outside of school (employer, religious leader, volunteer supervisor, or a coach)

Common App = you typically need 2 teachers + 1 Guidance Counselor + 1 optional outside of school (employer, religious leader, volunteer supervisor, or a coach)

**4)** That being said, you are responsible for knowing what your schools require and the deadlines. Look at each school's website in which you are applying to - they contain a wealth of information!

**Please visit the College Office in Room 303 if you have any additional questions.**
