October 16, 2020

Dear High School Parents:

With the completion of the six-week cycle, please be sure to check the portal this weekend, to review your child's progress report.

For fully remote learners, if you need repairs or technical assistance, please go to the TMS website and under Quick Links you will see a tab for virtual learners. Click that tab and you can complete the form online to report an issue.

A reminder that this Monday is Asynchronous Monday, so no students will be in person and there are no live virtual lessons. All students will have work posted by their teachers on Monday morning.

Next Tuesday through Friday we will be following the usual Block Schedule calendar. On Tuesday, Cohort A is in school; Cohort B is virtual. Wednesday, Cohort B is in school and Cohort A is virtual.

Thank you for all your support and have a great weekend!

Best Regards,

Dr. Bart Linehan
