Dr. Bart Linehan, Principal

May 1, 2020

With the extended closure for the academic year announced by the Governor, we will be making the following revisions given the long term adjustments our THS students have had to make and the cancellation of the regents. These revisions have been made in consultation with the faculty and district administration. We expect them to be helpful to our students.

Weighting:

- The THS Regents and Final Exams weighted at 13% for the year are cancelled.
- For these core area subjects, English, Math, Science, Social Studies and World Languages: the first 3 marking periods will be weighted at 25% not 20%. The 4th marking period will be weighted at 18% not 20%. The mid-term will remain at 7%.
- One semester courses in progress, such as Economics will have a 50% weight per marking period.
- All other HS courses, like Music, Art, Physical Education will remain at 25% weight per marking period.

Grading:

- All students will have a P for Pass or F for Fail for their 4th marking period report card grade. If the numerical grade a student attains in marking period four increases their final year's average in a course versus their final year's average noted at the end of the 3rd marking period, it will be included in the calculation of the final average for the year. Otherwise, a student's final average for the year would be based upon their performance up until the end of the 3rd marking period as of April 15th.

Please contact myself or your child's guidance counselor if you have any questions.

Regards,

Dr. Bart Linehan
