

# Stylus Yearbook

The THS Stylus yearbook is an after-school club that meets twice weekly with additional meetings as deadlines approach.

The goal of the Stylus yearbook is to capture a snapshot of people, places, and events that have impacted the lives of the school community for that specific year.

Students' tasks in assembling the yearbook include: writing copy, editing, photography, page arrangement, layout and design.

Additionally, the student yearbook team conducts interviews with fellow students and teachers. All students are welcome. New members will enjoy learning new skills and enjoy the experience of creating a wonderful memory for all the students.
