Thank you for attending the 2nd Annual Harlem Schools Summit!

Saturday was a celebration of the amazing work being done in our District 3 Harlem schools and a call to action to continue to advocate for high-performing schools throughout District 3. On behalf of the District 3 Equity and Excellence Committee, we would like to thank all of elected officials, corporate partners, community members, business leaders, parents and educators who came together to collectively create a vision for dynamic public school schools.

The Equity and Excellence Committee will continue to compile the data, ideas and questions presented at the Summit as we work to complete the District 3 Equity and Excellence Committee Report. In the interim, we encourage you to continue you to demonstrate advocacy in action in one of the following ways:
