Dear Parent or Guardian,

Your child's school is participating in Pennies for Patients, a service learning program that helps raise critical funds for The Leukemia & Lymphoma Society (LLS), the world's largest nonprofit fighting blood cancer. Did you know that breakthroughs in blood cancer research are now being applied to other kinds of cancers and serious diseases? By participating in Pennies for Patients, schools like yours receive our exclusive STEM Curriculum, which teaches students foundational skills in STEM concepts and gives them a look at real LLS-funded scientists. Through Pennies for Patients your school can earn gift cards for supplies and your child earns fun thank-you gifts to remind them of the Honored Heroes they are helping through their fundraising efforts.
