

# Read a Book Online

Dear Parents,  
Your child has worked very hard this year! According to research,\* students who do not read over the summer can lose as much as 22% of their reading level. That means 2 months of school, down the drain!

You can help prevent this summer reading loss by encouraging your child to read over the summer.

Try to read something everyday, whether it's a book, recipe, or a menu. Every word counts.

Here's to making this a summer of reading!

\* Research from Reading is Fundamental
