Grade 1 Suggested Summer Activities 2019

Many school-aged children experience learning loss during the recess between June and September. It is noted that children who read over the summer gain skills rather than lose them.

Summer is a time to relax, spend time with your friends, enjoy the outdoors, go places and nurture special interests. The challenge is helping children discover that reading and writing are a fun part of it all.

Suggested Activities

- Read 10 minutes daily
- Review First Grade "100 Words to Read" sight words (attached)
