

Immunization amended.

The New York State Public Health Law pertaining to immunization requirements for school-age children has been amended: to align with the Advisory Committee on Immunization Practices (ACIP) and American Academy of Pediatrics (AAP) recommendations. Effective **September 1**, students entering 7th and 12th grades and District 75 students are required to receive the following dose(s) of quadrivalent meningococcal conjugate vaccine MenACWY (previously known as MCV4), as outlined below: Students entering the 7th grade must receive one dose of MenACWY; Students entering the 12th grade must receive two doses of MenACWY, unless their first dose was administered at 16 years of age or older. If the student's first MenACWY was administered at 16 years of age or older, then only one dose will be required. For further information http://www.immunize.org/vis/vis_meningococcal_mcv_mpsv.asp
